

## **Hatley Defib Group**

Annual Report May 2024

Another year has passed and once again the Hatley Defib Group has carried out its work quietly, efficiently and diligently as has been the case since its inception. I'm sure the entire Parish Council and perhaps the whole community will join me in thanking them all for their efforts over the course of the year. I would also like to thank Kim Wilde for stepping in to do some important checks required by the manufacturers when I was otherwise indisposed.

The group is currently at full strength but I'm sure that should further volunteers be required there are many standing in the wings. We all strive to keep this potentially life saving piece of equipment in tip top condition in the fervent hope that it will never be used in anger.
