CHURCHES**

Volunteer with us!

**The charity Friends of Friendless Churches (FoFC) has
adopted St Giles's, having first carried out substantial
repairs. In our care, the church will be open to visit and
enjoy year-round, and available to use for events,
community activities and occasional services.**

**St Giles's needs local friends!
Can you help?**

What do volunteers do?

Volunteers are the FoFC's local eyes, ears and hands, checking in on the church regularly and helping to keep it safe, open, clean and well-presented, topping up literature, welcoming visitors, supporting events and occasional services. Volunteering with us is flexible, to fit around other commitments.

Where can I find more information?

You can read about volunteering with us, and what our volunteers do, on our website:

<https://friendsoffriendlesschurches.org.uk/volunteering/>

How do I get involved?

If you can spare a little time to help care for St Giles's, we'd be delighted to hear from you!
