

The Wildlife Trust / Beds, Cambs, Northants

October 2026

Team Wilder

The Wildlife Trust BCN's **Team Wilder** approach is all about supporting community action.

We can offer advice, support, signposting, and training for free, for individuals, community groups, and schools who want help to do something linked to local wildlife or sustainability.

Here are some of the things we have done in the Cambourne and Cambridge area over the last year.

- Supported the incredible Haslingfield and Harlton Eco Group with their Family Day in Nature
- Gave wildlife gardening advice to Cambourne Church Community Garden
- Supported Gamlingay Village Primary to write their Climate Action Plan
- Connected existing Youth Rangers doing birdwatching as their hobby for Duke of Edinburgh, ran some birdwatching sessions, and advised them on binoculars
- Trained some local walk leaders to help them understand how they can support participants in their group learn more about nature, and take action for wildlife
- Supported local volunteers to stand up for nature in new developments
- If you have a project in mind, or are already working on something, and you think the Wildlife Trust BCN might be able to help with, please get in touch

The Wildlife Trust for Beds, Cambs, and Northants is a local wildlife conservation charity aiming to achieve bigger, better, and more joined up habitats for wildlife and people. We do this by working in partnership to conserve and enhance habitats and biodiversity, and through community work, helping people enjoy, understand, and take action for wildlife.
